PROGRAM CRITERIA

Signing this document indicates acknowledgement of the following criteria:

- 1.) Corn delivered as IP Non GMO corn must pass testing for purity and grade quality to qualify for premium.
- 2.) The delivery will likely be to Canton, MO or Warsaw, IL **subject to buyer's call.** Shipment window subject to change is October 1, 2026 - July 31, 2027.
- 3.) In order to avoid penalty, planting shortfalls must be reported by June 1st 2026 and expected production shortfalls must be reported by September 1st 2026.
- 4.) **Program participation is subject to space and availability**
- 5.) IP non GMO Corn **are not** to be treated with any **chemical** post-harvest.
(This includes any bin treatment options without first confirming with UFC.)
- 6.) If it is found you have **knowingly and repeatedly** delivered contaminated corn under the guise of IP non GMO corn, you will be excluded from this program and subject to exclusion from any other IP program involving Ursa Farmers Cooperative.
- 7.) Ursa Farmers reserves the right to change program conditions as deemed necessary
