INGREDIENTS:

Wheat Middings, Dehydrated Alfalfa Meal, Soybean Meal, Corn Meal, Soybean Hulls, Cottonseed Meal, Corn Gluten Meal, Monocalcium Phosphate, Molasses Products, Calcium Carbonate, Soybean Oil, Salt, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Choline Chloride, Ferrous Sulfate, Zinc Sulfate, Manganese Sulfate, Sodium Selenite, Copper Sulfate, Niacin Supplement, Vitamin B12 Supplement, Calcium Pantothenate, Folic Acid, Biotin, Menadione Sodium Bisulfite Complex, Riboflavin Supplement, Ethylenediamine Dihydriodide, Pyridoxine Hydrochloride, Thiamine Mononitrate, Magnesium Mica, Potassium Chloride, Cobalt Carbonate, Ferrous Oxide, Zinc Methionine Complex, Manganese Methionine Complex, Copper Lysine Complex, Cobalt Glucoheptonate, and Flavoring.

FEEDING DIRECTIONS:

This ration is designed for deer that are wild or have free choice access to native forage or hay. Offer this ration free choice starting at the beginning of antler development. Feed through period of antler development until antlers harden. Place the supplement under shelter near high activity and near water source. Consumption for wild deer will vary. If fed to animals in confinement, feed one to two pounds per 100 pounds of body weight with free choice access to a good quality roughage source.

This feed is intended as a nutritional supplement and is not a complete feed. This feed must be fed with unlimited access to a good quality roughage source or native range.

Available in 50 lbs. (22.68 kg)

Benefits:

- ★ Supplements the natural protein diet of wild game animals.
- ★ Exceptionally palatable and easy to feed at locations desired.
- ★ Fortified with vitamins and minerals for improved health of wildlife and provides a constant level of nutrients.
- ★ Feeding during antler and fawning season gives the extra push to develop larger antlers and reduce some of the stress for does involved with raising a fawn.

Vitamin E, min.....	50 IU/LB.

INGREDIENTS:

Monocalcium Phosphate, Dicalcium Phosphate, Calcium Carbonate, Salt, Manganous Oxide, Magnesium Oxide, Ferrous Sulfate, Iron Oxide, Zinc Oxide, Copper Sulfate, Cobalt Carbonate, Ethylenediamine Dihydriodide, Vitamin A Supplement, D-Activated Animal Sterol (Source of Vitamin D3), Natural and Artificial Flavors Added, Vegetable Fat, Sodium Selenite, Processed Grain By-Products, Magnesium-Mica, Potassium Chloride, Calcium Iodate, Molasses Products, Vitamin E Supplement.

FEEDING DIRECTIONS:

Veemin 8% Phosphorus Deer Mineral with Apple Flavor is a ready to use mineral-vitamin supplement for deer.

In remote areas, where wild deer visit frequently, place on the ground near natural food plots, watering areas or trails. Use several feeding stations and once consumption is established, replenish the mineral supplement as needed. Avoid locations where domestic livestock may consume the mineral supplement. If allowed to run out, the feeding stations may need to be relocated.

DO NOT FEED TO SHEEP.

Available in 25 Lbs. (11.34 kg.)
