Heavy Duty Post Drivers

- All-steel construction with an effective 21-inch inside length and solid 1-inch thick striking plate
- 3" capacity
- Ample seam welds secure the 1-inch pipe diameter C-handles to the shaft and provide a stronger connection than common butt welds
- The generous handle gripping area is angled away from the user's body to keep hands in a more natural, ergonomically correct position
- A lower handle location on the shaft assists user's reach when positioning driver on tree stakes and limits interference with overhead branches
