

Free Priced Later – 2nd program

Commodities: Corn and Soybeans

Program is limited to space

Start Date: June 1st 2019

End date: September 15th 2019

Locations: Bellingham and Louisburg

Storage fees will start September 16th at 5 cents/month prorated daily

Moisture discounts and shrink on corn will go to 15% if sold by September 15th. If not priced by the end date moisture and shrink will go to 14%.

There is no ½% automatic shrink on soybeans. Regular moisture discounts of 1.5%/half point of moisture will apply.

Not allowed to apply PL bushels to forward contract grain.
