# The Program

Our Emerging Leaders program is designed to improve the leadership skills of Texas agribusiness men and women and accomplishes that goal through three broad primary objectives:

• To increase member understanding and knowledge of Texas Grain & Feed Association's mission, programs and services

• To increase member understanding of the state and federal legislative and regulatory process.

• To improve member understanding of Texas Agribusiness across the state.

## This program does not have any age restrictions! We want to target anyone who wants to know our industry better!
