

FUEL FOR THE AMERICAN WORKHORSE

Keeping your diesel equipment running at peak efficiency is a full-time job. Clogged injectors, pump failures, plugged filters, and other maintenance issues – there's a lot that can impact your business.

That's why you need the most technically advanced fuel to keep your equipment working hard every day.

HARNESS IS THE RIGHT FUEL FOR YOUR INDUSTRY

Available in off-road or over-the-road, Harness makes a smart choice for diesel engines in such industries as:

AGRICULTURAL/
FARMING

COMMERCIAL
TRUCKING/
CONSTRUCTION

FUEL FOR THE AMERICAN WORKHORSE

KEEPS YOUR ENTIRE FUEL SYSTEM CLEAN

- Powerful, multi-functional detergent system
- Gently removes existing carbon deposits
- Eliminates Internal Diesel Injector Deposits (IDID)
- Shields against additional carbon deposit buildup

ADDED LAYER OF MOISTURE CONTROL THAT SAFELY REMOVES MOISTURE FROM FUEL SYSTEM

- Protect filters from plugging
- Allows fuel to suspend moisture longer, safely passing it through system
- Prevents icing in fuel
- Inhibits microbial growth

SUPERB LUBRICITY EXTENDS PUMP LIFE

- Reduces injector and injector pump wear
- Coats all moving parts with protective layer

CORROSION INHIBITORS PROTECT METAL

- Forms protective barrier to prevent attacks by corrosive agents
- Prevents pitting and rust formation
- Reduces downtime and repair costs

CETANE IMPROVES FOR SMOOTH, FAST IGNITION

- Starts easier, especially in cold weather
- Ignites fuel faster for more complete combustion
- Reduces white smoke and knocking during ignition
- Increases Cetane up to 6 points

PREMIUM DIESEL FUEL	HARNESS
John Deere 6.8L Heavy Duty Engine Detergency Test – Clean Up	x
John Deere 6.8L Heavy Duty Engine Detergency Test – Keep Clean	x
