

Agricultural Mechanic and Operations Support

NPC is now hiring! NPC is currently looking to fill 1 Agricultural Mechanic and Operations Support role for our Triumph, IL facility. Responsibilities include but are not limited to equipment maintenance for when it surpasses the capabilities of Operations and Maintenance Technicians and any operational type procedures. This role requires specialized skills and experience to locate and diagnose the machine's problem and then generate a cost-effective solution that will optimize the cooperative's market share and savings, improve the cooperative's efficiency, and help achieve the cooperative's mission and goals. Performs required preventative maintenance and has all preventive maintenance reports turned in on time. Never allows maintenance to get to a level where equipment is not usable. In addition, this role will assist in other operational duties at various locations as prioritized by season and location manager direction. This includes, but is not limited to, anything relating to grain and agronomy. Also, delivers to customers products and services that are sold by the branch which could include delivery of fertilizer or CPP to the fields.

Desired Requirements:

- High School Diploma or Equivalent
- Valid Driver's License is required.
- Class A CDL with HAZMAT, tanker, and airbrake endorsements required or must be obtained once employed; NPC will assist in obtaining
- 3-5 years related experience and/or training preferred.
- Knowledge of technical skills and abilities necessary to perform required job to establish standards.
- Remains current on industry developments and trends in area of expertise.
- Approachable; puts others at ease, give full attention, shows interest, responds appropriately. Builds relationships both internally and externally through professional and highly developed verbal and written communications.
- Organized; has the capability to work on projects while maintaining ease and a level head of thinking and rational.
- Analyzes problems and sources of conflicts, communicates with direct reports for help with resolution and problem solving.
- Ability to operate equipment (applicator equipment and machinery, shop tools, forklifts, class A and B trucks)
- Ability to function independently where appropriate but to recognize when issues escalate and need to be referred to other resources.
- Ability to assess a situation and determine the best course of action (sound, good judgment).

The Northern Partners' Edge:
